

ABI's Technology and Telecommunications Committee is presenting a can't-miss program at the Winter Leadership Conference, which will be held in Rancho Mirage, Calif., Dec. 6-8, 2007. The Saturday morning presentation, entitled "The Month Before: The People and Technology You Need to Get Your Case Filed," will focus on the practical and practice side of bankruptcy planning (as opposed to venue selection, DIP financing, first day motions, etc.). As every bankruptcy professional knows, it is critical that the proper people and systems are put into place during the 30 days prior to the filing of a chapter 11 case to provide the smoothest possible entry in the bankruptcy arena. Advance planning can be essential to the management of the case and the eventual exit from the reorganization/liquidation proceedings.

The program will feature a faculty of experienced practitioners that each play a different, yet integral role in the process:

- *Moderator* – **H. Jason Gold**, Wiley Rein LLP, Washington, D.C.
- *Debtor's Counsel* – **Ray C. Schrock**, Kirkland & Ellis LLP, Chicago
- *Noticing/Claims Agent* – **Jeff Pirrung**, Administar Services Group LLC, Jacksonville, Fla.
- *Management Advisor* – **Neil Gilmour III**, Executive Sounding Board Associates Inc., Wilmington, Del.
- *Financial Advisor* – **Guy A. Davis**, Protiviti Inc., Richmond, Va.

For more information regarding the program, please contact the committee co-chairs William Snyder at [wsnyder@crpllc.net](mailto:wsnyder@crpllc.net) or Jason Gold at [jgold@wileyrein.com](mailto:jgold@wileyrein.com).
